THE CAMPAIGN IN FOURTH DISTRICT

Independent Candidate Working Hard With No Visible Hope.

SALES OF BUILDING LOTS

Blackstone Has Many Improvements in Sight, and New Citizens Moving in—Exciting Fox Chase in Which Young Lady Gets the Brush.

(Special Dispatch to The Times.)

BLACKSTONE, VA., October 18.—Both of the candidates for Congress from this district, R. G. Southall, the Democratic nominee, and R. T. Vaughan, the Independent, have been in Blackstone this week in the interest of their candidacy. Mr. Southall spent Monday night and a part of Tuesday here, and Mr. Vaughan arrived Wednesday afternoon and left Thursday morning.

Both gentlemen express confidence of their election, both are working like beavers to make their claims good. Of course, the thinking ones place long odds on Mr. Southall, the Democratic nominee, and are unable to see upon what Mr. Vaughan bases his claims.

Small brother who visited here on Wednesday and gave two performances. Quite a large crowd of country people came into town for the purpose of attending. The circus went from here to Lunenburg Courthouse, where they showed the next day.

REAL ESTATE DEALS.
There have been a few important deals in building lots here during the past week. One of the purchases was by Mr. Nathan M. Niblett, a prominent and wealthy citizen of Brunswick county, who bought for the purpose of erecting a fine residence. This will not be done until next year when he intends to move his family here and make this his home. He has a large and interesting family, which will be quite an addition to Blackstone society.

Another of the purchases was by Mr. T. A. Overby, of Lunenburg county. Mr. Overby is the present member of the Legislature from that county, but much of his business is located here, and it is his intention to build and move here next year also. He, too, has a large family, which will be welcomed by the people here.

ance with their usual custom of annual sales of this kind.

A FOX CHASE
Some of the young people here engaged in a fox chase one morning this week which proved very exciting and interesting. There were ladies among the party, one of whom, Miss Sue Armstrong, succeeded in securing the brush. It is their intention to have another ere long when a larger crowd is expected to join in the chase.

There are not many foxes in this immediate neighborhood, but are quite plentiful a few miles below, near the Dinwiddie line. It was in that neighborhood the party went.

Lieutenant G. Maury Cradle, U. S. A., and Miss Cradle, are visiting the parents of the former, Mr. and Mrs. G. T. Cradle, of this place. This is the first furlough of any length the lieutenant has had since his service in the Philippines, from which he returned last spring.

He is now stationed at Columbus, Ohio. He and his wife will spend some time here during the bird season as the lieutenant is very fond of shooting.

The tobacco season opened regularly here on Wednesday. This is a dark market, and not much is sold before the 15th of October of each year. Very little has been sold here yet, but the sales will increase rapidly from this time.

THE LADIES' GUILD.
The ladies' guild of the Episcopal Church will serve dinner to the public here on the day of the land sale, the proceeds from which will be used in giving a new coat of paint to their church. They had a similar dinner last year and realized quite a neat sum therefrom.

This is truly a great place for church entertainments. Some one or other of the different denominations are getting up something all the while. Still the people do not seem to tire with them and generally attend in full numbers.

The preliminary survey for the Blackstone and Chesapeake City railroad is now in progress through Lunenburg county. The citizens of that county are very much enthused over the idea of having a railroad through their county. They were very much gratified at having Governor Montague to visit them and deliver an address at their old soldiers' reunion last week.

A great quantity of lumber is being shipped from this place now as there are a number of saw mills in this vicinity which have this as a shipping point.

Miss Mary Anderson, of Farmville, is visiting Mrs. W. A. Land.

Miss Louise Budd attended Richmond's Horse Show this week and will spend a few days with friends in that city.

Dr. Hilsman, of Richmond, was the guest of Mrs. E. W. Sanford a few days this week.

GOVERNOR'S PARTY BACK

Had a Fine Trip to Newport News Yesterday.

Governor Montague and party returned from Newport News last night at 6:50 o'clock, having witnessed the launching of the steamer Monroe there yesterday. All those in the party were highly pleased and greatly enjoyed the day. They traveled down in the private car of President Stevens, of the Chesapeake and Ohio Railroad.

road, leaving here at 8 o'clock yesterday morning.

Those who went on the trip with the Governor and Mrs. Montague were Major General George W. Stevens, Mr. and Mrs. L. C. Berkley, Jr., of Danville, and Miss Berkley, Colonel and Mrs. John S. Harwood, Colonel and Mrs. Hunt Chappley, Colonel George C. Cabell, Jr., chief of staff, Colonel and Mrs. Mann S. Hall, Colonel and Mrs. Barton H. Grundy, Miss Irena Fitzgerald, Mrs. Eppa Hutton, Jr., Colonel H. M. Lewis, of Charlottesville; Colonel R. N. Harper, of Loudoun; Messrs R. L. Montague, Meade Spicer and Horace Hoskins, of Richmond. The Governor's aides wore their fatigues uniforms on the trip, but appeared in full dress in Newport News.

Captain P. Thornton Marve, of Newport News, architect for the new cell buildings at the penitentiary, is in the city. The commission will meet here on Thursday next to award the contracts for the work.

Judge D. Tucker Brooke, one of the members of the Constitutional Convention from Norfolk, was in the city yesterday on private business.

VIRGINIA FIELD TRIALS

Chase City Selected as the Best Place for Holding Them.

A meeting of the Board of Governors of the Virginia Field Trials Association was held during the past week while some of the out-of-town members were in the city attending the Horse Show. The Secretary, Mr. Charles B. Cook, reported that he had been to Chase City to examine the grounds offered by the Chase City Hotel Company, who have under lease some 800 acres. The grounds were found to be first-class for field trial purposes and quantity of birds. The new hotel, just being completed, is one of the finest in the South, and will make special rates for those attending the trials. The lively stables also will make special rates for saddle horses and wagons. The grounds are close to town, beginning within about two miles.

A great deal of enthusiasm is being manifested in the coming event. The date fixed by the Board of Governors for holding trials was the week of December 8th, immediately following the Continental Trials, which will be held at Thomasville, N. C., and it is expected that a great many sportsmen will attend the Virginia trials. The week of December 8th, is fixed, as the distance from Thomasville to Chase City is only about eighty miles.

The club now has seventy-one members, all of whom expect to enter one or two dogs. The membership is gradually being increased, and it is hoped will number one hundred before the trials are held. The nominating fee will be \$2 and the entries will close twenty days previous to holding the trials, or on November 14th.

The prizes will consist of the nominating fees divided—10 per cent to the 1st, 30 per cent to the 2d, 20 per cent to the 3d, and 10 per cent to the 4th. The judges have not been selected as yet. It is hoped, however, to get some gentlemen of national reputation to assist in the judging.

Entry blanks, rules and all information will be gladly furnished by addressing the secretary, Charles B. Cook, care, Real Estate Trust Company, Richmond, Va.

ALL STORES ARE CLOSED TO-DAY

The Police Will Strictly Enforce the Sunday-Closing Ordinances.

If the police enforce the edict which has gone forth from the office of Major Howard, chief of police, in regard to the enforcement of the ordinance governing the strict observance of the Sabbath on part of the citizens of Richmond, it is more than probable that several hundred people will be reported to-morrow morning.

The enforcement of the ordinance to this point, however, will work a great hardship on hundreds of citizens who have been accustomed to enjoying their after-dinner smoke, the out of town newspaper or magazine or a soft drink or two during the afternoon, for it will be impossible to secure any of these unless a "speak easy" gets into operation. Of course, it will be possible for a man

to purchase cigars and tobacco a plenty to hold him over until Monday, but it will be a matter of practical impossibility to secure soft drinks or out of town newspapers.

The public is deeply interested in this move on part of the police and the effect of a strict enforcement of the Sunday Blue Laws will be watched with close attention.

LONDON, October 18.—Lord Kitchener started to-day for India to assume command of the British forces there. He goes by way of Paris and will visit Khartoum. Absolute secrecy was maintained regarding all the arrangements for his departure, so he got away unnoticed.

WASHINGTON, D. C., October 18.—Postmaster-General Payne will discuss, it is understood, in his forthcoming report the prospects of one cent postage.

Fiscal revenues are new so large that the nominal deficit of the department is disappearing, at least upon the basis by which it is regularly computed.

KANSAS CITY, MO., October 18.—As a climax to a long series of "pranks" one of the pupils of the High School at Argentine, a Kansas City suburb, this afternoon captured a clergyman and tied him to a rail fence because he sympathized with the sophomore class in its contests with the other classes.

Friends of the Johnson movement say such an offer from a man of his responsibility cannot be ignored.

COLORADO SPRINGS, COLO., October 18.—Theodore Roosevelt's name appears on certificates of six mining claims filed with the clerk of Pueblo county to-day. His partners are Martin Kleenwein and J. S. Kleenwein and Berger are practical miners and have prospected the field and the President relies on their judgment.

NEW HAVEN, CONN., October 18.—President Eliot, of Harvard University, at the Connecticut State Teachers' Association, in annual convention here to-day, virtually read an indictment against the public school system.
